

Advanced, multi user Bluetooth® blood pressure monitor with enhanced features that provide trusted accuracy and reliable measurements every time.

Product Benefits

- Experience accurate readings with advanced cuff fit detection, avoiding errors from incorrect cuff placement
- Ensure precise measurements with integrated movement detection, minimizing the risk of inaccurate results due to movement
- Automatically records and tracks measurements with the highly rated Heart Track app to enable trending and sharing for better health management
- Displays the average of the last three measurements providing more consistent blood pressure data

Comfort and Convenience

- Up to 4 users provides convenience, cost savings, and enhanced data management capabilities for households with multiple individuals needing to monitor their blood pressure regularly
- Advanced inflation and deflation technology provides faster and more comfortable readings

The A&D Promise

- Clinical Grade Accuracy delivers measurements that are as precise as those taken in a medical setting
- Extended 5-year warranty on monitor provides long-term peace of mind and greater value
